

Complaint about childcare provision

Ref: EY424578/4214866

Date: 9 August 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 29 April 2019 we received concerns that this provider was not meeting some of these requirements. We spoke to the provider on the telephone. We found that the provider had breached requirements relating to medicines and the failure to notify Ofsted of a significant event. We did not take any further action. This is because the provider took action to comply with the requirements relating to medicines and was able to demonstrate a suitable understanding of when a notification needs to be made to Ofsted. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints for five years commencing on the date we complete our investigation.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
