

Compliance action taken for childcare provision

Ref: EY434985/4293486

Date: 12 August 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at

www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 30 July 2019 the provider notified us of an allegation against a member of staff. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of any significant events. We visited the provider on 6 August 2019 and issued them with a notice to improve. The provider will be able to give parents further information about this. Actions to be completed by 29 August 2019.

- ensure all staff understand and follow the safeguarding policy and procedures, particularly what to do if a member of staff displays inappropriate behaviour
- ensure all staff understand their responsibilities in relation to safeguarding children, particularly in relation to reporting any concerns about inappropriate staff behaviour in a timely and appropriate way

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years

commencing on the date we complete our investigation.
