

Complaint about childcare provision

Ref: EY546936/4271848

Date: 14 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 3 and 8 July 2019 we received concerns that this provider was not meeting some of these requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed:

ensure that records to demonstrate the suitability of staff are in place and available for inspection by 16 August 2019

ensure that children are appropriately supervised when playing in the outside play area by 16 August 2019

make sure that all rooms used to care for children are clean and suitable for use by 16 August 2019.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints for five years commencing on the date we complete our investigation.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
