

Compliance action taken for childcare provision

Ref: EY548428/4254914

Date: 29 August 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

At an inspection on 13 May 2019 we found the care being provided to be inadequate requiring enforcement action. We sent the provider, a notice to improve and a welfare requirement notice to comply with the Statutory framework for the early years foundation stage.

Actions needed:

ensure their safety by 03 Jul 2019

Information and records

Notice to improve:

Educational programmes.

have arrangements in place to identify and support children with SEND in order to close gaps in their learning and development. By 3 July 2019.

Planning.

We carried out a compliance visit on 2 July 2019, 2018, to check compliance with the welfare requirement notice . We found the provider had taken prompt and effective action to comply with the requirements.

We are satisfied with the action taken by the provider and no further action was required by Ofsted on this matter. The next step will be a full inspection. The provider is still registered with Ofsted.
