Summary of key findings for parents

This provision meets requirements

- Staff demonstrate a very good understanding of how children learn and develop. They recognise the importance of planning activities based on their existing interests, in order to promote their enjoyment and learning.
- The provider and staff are particularly clear on the need to work closely with parents, schools and outside agencies, to provide individual support for all children with special educational needs and/or disabilities (SEND).
- The provider and staff demonstrate a very good understanding of the signs and symptoms of abuse and how to report concerns regarding children's welfare. As a result, they demonstrate the ability to protect children from harm.
- The provider has devised effective systems to promote professional development. Staff benefit from regular supervision and frequent opportunities for training, in order to enhance their existing skills and knowledge.
- The provider demonstrates a commitment to continually improve the setting. They have effective procedures to obtain the views of staff, parents and children, in order to identify priorities for improvement.

There were no children present when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children present, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states whether the provider continues to meet the requirements of registration.

Inspection activities

- The inspector viewed the available premises and equipment both indoors and outdoors.
- The inspector spoke with the provider to ascertain their understanding of the requirements of the early years foundation stage.
- The inspector sampled a range of documents, including staff suitability checks and training certificates.
- The inspector held discussions with the provider and manager about their procedures and the day-to-day running of the setting.
