

Complaint about childcare provision

Ref: EY540805/4320998

Date: 11 September 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 2 September 2019, we received concerns that this provider was not meeting some of these requirements. We visited the provider to discuss the concerns and have issued a Notice to Improve. This is a notice that requires the provider to take the actions below within the timescales set out:

display or make available to parents, staff's first-aid certificates or a list of staff who have a current first-aid certificate;

ensure that information from parents and carers about a child's dietary needs are recorded and acted on by 20 September 2019.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints for five years commencing on the date we complete our investigation.

For further information about the complaints process please view the [Concerns and complaints about childminders and childcare providers leaflet](#).
