

Compliance action taken for childcare provision

Ref: EY341501/4261289

Date: 15 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 19th June 2019, the provider notified us that there was safeguarding breach. The notification means that the provider met their legal responsibility as set out in the early years foundation stage to notify Ofsted of any significant event.

On 1st July 2019, we carried out an unannounced visit to the setting and found the provider had taken some action to address improvements for safeguarding children. We have raised action to improve. This is a legal notice that requires the provider to take actions within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 31 July 2019:

implement robust and effective risk assessments throughout the setting, in particular, to minimise the risk of any child leaving the premises unsupervised, and to ensure all staff are trained and thorough in their knowledge and practice to identify and manage any potential risks to children indoors and outdoors

review the organisation and deployment of all staff throughout the setting to ensure children are always adequately supervised and staff can account for all children's movements

review the induction training of new staff, students and volunteers to ensure they have a robust understanding of their roles and

responsibilities, this includes all aspects of safeguarding and welfare

implement appropriate practice to promote the good health of children attending, with particular attention to the hygiene of the premises and resources.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
