

## **Compliance action taken for childcare provision**

Ref: EY401948/4028549

Date: 20 September 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 14 September 2018, the provider notified us of a significant event. We also received information from other agencies. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of a significant event.

We visited the childminder and have issued the childminder with a notice to improve that requires them to take the actions below within the timescales set out.

#### Action needed

- ensure that detailed information is gathered about children when they start, so their individual needs can be assessed and any risk assessments implemented as required by 31 October 2018.

The childminder will be able to give parents further information about this. The childminder is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
