

Compliance action taken for childcare provision

Ref: 316531/4233949

Date: 30 July 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 21 May 2019, we received concerns that the childminder was not meeting some of these requirements. We suspended the childminder's registration because we believed children may have been be at risk of harm. We have lifted the suspension on 27 June 2019 because the circumstances that gave rise to it being imposed no longer applied.

We also issued a welfare requirement notice to comply with the Statutory framework for the early years foundation stage. The childminder will be able to give parents further information about this.

Actions needed:

make certain that as a child's key person, you help and ensure that every child's learning and care is tailored to meet their individual needs also that children are able to become familiar with the setting, you must also offer a settled relationship for children in your care and build a relationship with their parents by 16 July 2019.

ensure that you share information with parents and carers to ensure the needs of all children are met, and that you enable a regular two-way flow of information with parents and/or carers. By 16 July 2019

We are satisfied with the action taken by the provider and next steps will be an inspection. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services

we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
