

Compliance action taken for childcare provision

Ref: EY501790/4206957

Date: 3 October 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 10 September 2019 we carried out an unannounced visit to the setting. During the visit we found that the provider had not met their legal responsibility to notify Ofsted of any significant event and had failed to maintain an accurate record of children's attendance. As a result, we served a Welfare Requirements Notice. This is a legal notice that requires the provider to take the action below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action required by 23 September 2019:

maintain a daily record of the names of the children being cared for on the premises, their hours of attendance and the names of each child's key person

improve your understanding of the notification requirements to inform Ofsted of significant events and changes.

On 24 September the provider demonstrated she had taken prompt and effective action to address the breaches of requirements identified on 10 September.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years

commencing on the date we complete our investigation.
