

Complaint about childcare provision

Ref: EY410777/4323055

Date: 10 September 2019

Summary of outcome

'All early years providers must meet the legal requirements in the 'Statutory framework for the early year's foundation stage', which you can find at <https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2> If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 4 September 2019, we received concerns that this provider was not meeting some of these requirements.

On 9 September 2019, we conducted an unannounced visit to the provider's setting. Following this visit we served a notice to improve. This is a legal notice that requires the provider to take the actions below:

take reasonable steps to ensure children are not exposed to any risks in the environment.

ensure staff: child ratios are maintained at all times to meet the needs of the children

maintain a daily record of the names of children being cared for on the premises and their hours of attendance.

We set a completion date of 9 October 2019 for these actions to be met. The provider will be able to give parents further information about these matters.

Ofsted has received an appropriate response to the actions to demonstrate that requirements are now met.

The provider remains registered with Ofsted.
