

Compliance action taken for childcare provision

Ref: EY404451/4338481

Date: 10 October 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 September 2019, we received information that indicated that the provider had failed to inform Ofsted of a significant change or event that may affect their suitability. This means they failed to meet their legal duty to notify Ofsted within the prescribed timescales, as set out in the 'Statutory framework for the early years foundation stage'. Failure to do this, without reasonable excuse, is an offence. We discussed this with the provider during a visit on 8 October 2019. No further action was taken on this occasion. The provider will be able to give parents further information about this. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
