

## **Compliance action taken for childcare provision**

Ref: 2515341/4313807

Date: 30 September 2019

### **Summary of outcome**

'All early years providers must meet the legal requirements in the 'Statutory framework for the early year's foundation stage', which you can find at <https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2> If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 August 2019 the provider notified us of an incident. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted .On 25 September 2019, we conducted an unannounced visit to the provider's setting. Following this visit we served a notice to improve. This is a legal notice that requires the provider to take the actions below:

must be alert to any issues of concern in the child's life at home or elsewhere. Providers must have and implement a policy, and procedures, to safeguard children.

We set a completion date of 25 October 2019 for this action to be met. The provider will be able to give parents further information about these matters.

Ofsted has received an appropriate response to the actions to demonstrate that requirements are now met.

The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
