

## **Compliance action taken for childcare provision**

Ref: EY435169/4338212

Date: 22 October 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early year's foundation stage', which you can find at <https://www.gov.uk/government/publications/early-years-foundation-stage-framework>. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 September 2019, the provider notified us of an event regarding an incident, which raised concerns about the security of the premises. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of a significant event.

On 3 October 2019, Ofsted conducted an unannounced visit and looked into this concern to see whether the setting was meeting the requirement relating to the security of the premises.

We found that the provider had taken action to improve arrangements for risk assessments following this incident to ensure the safety of children on the premises. We are satisfied with the action taken by the provider to meet this requirement.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
