

Compliance action taken for childcare provision

Ref: EY440936/4343937

Date: 17 October 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 September 2019, we received information that this provider was not meeting some of the requirements. On 8 October 2019, we carried out an unannounced visit. Although not part of the original concern we issued a Notice to Improve. This is a legal notice that requires the provider to take the actions below within in the timescales set out. The provider will be able to give parents further information about this.

Action needed:

take reasonable steps to ensure children are not exposed to hazards in the environment and clearly demonstrate how risks are managed, by 23 October 2019

put in place effective arrangements for the supervision of staff to identify and improve practice and personal effectiveness, by 23 October 2019.

On 24 October 2019, we received an action response letter. We found that the Notice to Improve had been met appropriately.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years

commencing on the date we complete our investigation.
