

Compliance action taken for childcare provision

Ref: EY368642/4354789

Date: 28 October 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 10 October 2019 we received a notification from the provider. The notification means that the provider met their legal responsibility, as set out in the early years foundation stage welfare requirements, to notify Ofsted of a significant event.

On 22 October 2019 we conducted an unannounced visit to the setting. We found that, at the time of the incident, the provider took immediate action. They reviewed and improved the procedures for food preparation so that children are no longer placed at risk of harm. The provider will be able to give parents further information about this. We are satisfied with the action taken by the provider. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
