

Compliance action taken for childcare provision

Ref: EY287949/4340520

Date: 10 October 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

We carried out an inspection on 19 September 2019. Please see published report 10 October 2019. On 2 October 2019 we conducted a monitoring visit. The setting demonstrated progress towards the actions set at inspection.

At this visit the provider was not meeting all of the requirements in the 'Statutory framework for the early years foundation stage'. We have issued a further Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Child protection
