

Compliance action taken for childcare provision

Ref: EY312028/4327313

Date: 15 October 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 September 2019 we received concerns that this provider was not meeting some of these requirements.

We have served actions. This notice requires the provider to take the action below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed:

Ensure there is a policy and procedures to safeguard children that is in line with local policies and includes the action to take where there are concerns about a child by 25 October 2019;

Ensure all staff are trained to understand the safeguarding policies and procedures and have up to date knowledge of safeguarding issues by 25 October 2019;

Ensure that a record is kept of the DBS check number for all staff, the date the check was obtained and details of who obtained it by 25 October 2019.

An appropriate response to the actions was received from the provider.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
