

Compliance action taken for childcare provision

Ref: EY495001/4351718

Date: 4 November 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at

www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 4 Oct 2019, the provider notified us of an incident regarding the collection of children from school. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of such instances. On 29 Oct 2019, we carried out a regulatory visit and found that: the provider does not ensure that at least one person who has a current paediatric first aid certificate accompanies children on outings. We have issued the provider a notice to improve. The provider is still registered with Ofsted.

Actions needed –

ensure that at least one person who has a current paediatric first aid certificate is on the premises and available at all times when children are present, and at least one person who has a current paediatric first aid certificate accompanies children on outings by 11th November 2019.

The provider responded to the actions within the required timescales. We are satisfied with the actions taken. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
