

## **Compliance action taken for childcare provision**

Ref: EY319325/4379123

Date: 22 November 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 11 November 2019 we received a concern that this provider was not meeting some of these requirements. We asked the provider to look at how they make sure that all staff follow legal requirements to ensure that information relating to children is handled in a way that maintains confidentiality. We are satisfied with the action the provider took. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.'

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
