

Compliance action taken for childcare provision

Ref: EY465484/4333397

Date: 22 November 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at

www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find a provider is not meeting the requirements, we can take action to ensure they put matters right. On 16 October 2019 this provider was inspected and they were judged as inadequate. We served a welfare requirements notice. This is a legal notice that required the provider to take the actions detailed in the inspection report by 13 November 2019. We carried out a monitoring visit and found that the provider had taken appropriate action to improve safeguarding procedures within the nursery.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
