

Compliance action taken for childcare provision

Ref: EY492036/4326446

Date: 26 November 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 September 2019, we received a notification from the provider of a safeguarding concern. We looked into this information and found that the provider was not meeting all of the requirements. We served a notice of action to improve that required the provider to take the action below within the timescales set out. The provider will be able to give parents further information about this.

Action which needed to be taken by 18 October 2019

improve the policy and procedure for administering medication, ensuring information about a child's need for medication is up to date to ensure safe administration

ensure staffing arrangements always meet the needs of all children and ensure their safety, with particular regard to key person arrangements

The provider has taken appropriate steps to meet the actions raised. They have reviewed and improved the systems for medication and strengthened key person arrangements to improve safety and supervision.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
