

Compliance action taken for childcare provision

Ref: EY218234/4352560

Date: 21 October 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 October 2019, the provider notified us that there had been an allegation against a member of staff and that staff had failed to collect children from the school. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of safeguarding concerns. We have discussed the information with the provider and as result have issued an NTI. This is a notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

ensure children's behaviour is managed in an appropriate way and parents are informed where physical intervention is used

ensure the needs of all children and their safety are met, in regard to when children are collected from school

obtain and share information with other professionals caring for the child, to ensure the safe and efficient management of the setting and to help ensure the needs of all children are met.

We will monitor the providers response.

We are satisfied with the action taken by the provider and they remain registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
