

## **Compliance action taken for childcare provision**

Ref: 116920/4382796

Date: 29 November 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 13th November 2019, we received a notification from the provider. We had a discussion with the provider and found a significant event had occurred. On this occasion we do not intend to take any action. This is because at the time of the incident the provider took immediate action. She reviewed and improved the procedures in place for risk assessment and suitability of premises linking to safety. The provider will be able to give parents further information about this. The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
