

Compliance action taken for childcare provision

Ref: EY380111/4283358

Date: 31 October 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

We received a concern and a notification from the provider about the same issue on 12 July 2019. We liaised with other agencies and carried out an announced visit to the setting. We issued a notice to improve. This requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Action needed by 29 July 2019:

ensure that all staff have the knowledge and skills to carry out their duties, with particular regard to accident procedures. The provider has updated their accident procedures and issued new guidance to staff. We are satisfied with the action taken by the provider to meet the notice to improve.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
