

Compliance action taken for childcare provision

Ref: EY474170/4253895

Date: 20 November 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 June 2019 we received concerns that this provider was not meeting some of these requirements. We liaised with other agencies and on 12 September 2019 we carried out an unannounced visit to the provider to assess whether the provider was meeting the requirements. We had significant concerns about the providers suitability to remain registered.

We took steps to cancel the provider's registration. The provider objected to us taking this step. Having heard the provider's reasons for objecting to this step and confirmation that changes had been made to the registered individuals, we have decided not to proceed with cancellation. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
