

## **Compliance action taken for childcare provision**

Ref: 2510104/4392110

Date: 16 December 2019

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 November and 3 December 2019, the provider notified us of two safeguarding incidents that happened at the setting. The provider will be able to give parents further information about this. On 11 December 2019, we carried out an unannounced visit. The provider had taken appropriate action to ensure the safety of children and reviewed and revised procedures and risk assessments. The provider met their legal duty to inform Ofsted of a significant event within the prescribed timescales.

The provider remains registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at [www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted](http://www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted).
