

Compliance action taken for childcare provision

Ref: EY258131/4284813

Date: 16 December 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On the 18 July 2019, we received information that raised concerns that the provider was not meeting some of the requirements. Following this we carried out an unannounced visit to the setting on 12 November 2019. We have issued the provider with a notice to improve that requires them to take the actions below by 25 January 2020. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed:

- maintain and implement effective procedures to ensure the ongoing suitability of people living in the household and/or are in regular contact with the children
- improve knowledge and understanding of how to support children's personal social and emotional development effectively, including ways to help them learn rules and boundaries and to manage their behaviour appropriately.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
