

Compliance action taken for childcare provision

Ref: EY464595/4355303

Date: 9 December 2019

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 7 October 2019 the provider notified us of a significant event. We discussed this with the provider and found that they had failed to take appropriate action when a child was ill, including working in partnership with other agencies and professionals. We have issued a notice of action to improve. This notice requires the provider to take the action below within the timescales set out. The provider will be able to give parents further information about this.

Action needed:

- ensure that you take appropriate action if children are ill, including liaising with and acting on the advice of other agencies and professionals by 19 December 2019

The provider has taken appropriate steps to meet the action. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
