Compliance action taken for childcare provision

Ref: EY402429/4397810

Date: 14 January 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

 If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

The provider made a notification to Ofsted which means that the provider met their legal responsibility as set out in the early years foundation stage to notify Ofsted of any significant event.

 We contacted the provider on the 10th December 2019 to discuss the matter.

 We found the provider to have taken prompt appropriate steps to update policies to help ensure unexplained injuries are reported to the relevant authority in a timely manner.

 EYRI is satisfied with the actions taken by the provider to meet the welfare requirements and therefore it was not necessary for Ofsted to take any further action.

 The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be
