Ref: 127013/4388183

Date: 11 December 2019

Summary of outcome

'All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 22 November 2019 we received concerns that this provider was not meeting some of these requirements. We have served a Notice to Improve. This is a legal notice that requires the provider to take the actions below within the timescales set out.

Action needed by 13/01/2020

improve hygiene standards and thoroughly risk assess the toilet area used by children to ensure that their safety and overall health is fully supported.

On 10 January 2020 we received a written response from the provider who had taken the appropriate action to meet the notice to improve.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.'

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
