

Complaint about childcare provision

Ref: EY263632/4332223

Date: 20 January 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 16 September 2019 we received a concern. The information received raised concerns that this provider was not meeting some of these requirements.

We found the childminder had failed to notify Ofsted of a significant event that may impact on the suitability of persons living or working on the premises. This is a requirement of her registration. We took no further action as the childminder is now clear on the requirement to notify Ofsted of such events in the future.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints for five years commencing on the date we complete our investigation.
