

Compliance action taken for childcare provision

Ref: EY556618/4394062

Date: 10 January 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 29 November 2019 we received a concern that this provider was not meeting some of these requirements.

We visited the provider on the 7 January 2020 and found that they were not meeting some of the requirements.

We served a Notice to Improve that requires the provider to take the actions below within the timescales set out. The provider will be able to give the parents information about this.

Actions required by 20 January 2020

ensure staff adhere to policies and procedures to ensure a consistent approach is taken when dealing with accidents and emergencies

The provider has now taken appropriate steps and we are satisfied that they are meeting the requirements of registration.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
