

Compliance action taken for childcare provision

Ref: EY413626/4411268

Date: 16 January 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 24 December 2019 we received concerns that the provider was not meeting some of these requirements.

We served a Notice to Improve that requires the provider to take the actions below within the timescales set out. The provider will be able to give the parents information about this.

Actions required by 24 January 2020

ensure that staff and other professionals working with children have a clear understanding of their roles and responsibilities for how to meet children's needs.

The provider has taken appropriate steps and we are satisfied that the provider is meeting the requirements of registration.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
