

Compliance action taken for childcare provision

Ref: 255142/4424438

Date: 22 January 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 18 December 2019 we received concerns that this provider was not meeting some of these requirements. We have issued Notice to Improve. This is a statutory notice that requires the provider to take the actions below by 4 February 2020. The provider will be able to give parents further information about this.

Action needed

ensure that evidence of suitability checks for all those caring for or in regular contact with children is held at the setting, and available for the inspector to review at inspection or a visit.

Action taken:

We are satisfied that the provider has taken appropriate action to resolve the matter.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
