

Compliance action taken for childcare provision

Ref: EY349492/4424242

Date: 5 February 2020

Summary of outcome

Outcome summary -

'All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 26 November we received concerns that this provider was not meeting some of these requirements. We have served a Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.'

Actions needed

- take quick and effective action to improve the provider's knowledge of the safeguarding and welfare requirements with regard to the storage of confidential information about children by 31 January 2020
- ensure the premises, are fit for purpose and comply with current health and safety legislation, particularly in relation to mould within the two to three room by 31 January 2020.

We visited the setting on 3 February 2020. We found that the provider had taken steps to ensure the storage of information about children was confidential. Furthermore, the provider has ensured that the premises are fit for purpose and comply with current health and safety legislation. The mould in the two to three room had been treated and removed.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the

enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
