

Compliance action taken for childcare provision

Ref: EY501562/4423668

Date: 10 February 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 January 2020 we conducted a re-inspection of the nursery. At the inspection we found several breaches of the statutory requirements. Following the inspection, we issued the provider with a Welfare Requirements Notice. This is a legal notice that required the provider to take the action below within the timescale set out.

Actions needed

- ensure all staff have the necessary skills to manage children's behaviour appropriately and help children understand the consequences of their actions on others by 30/01/2020
- ensure staff implement effective hand hygiene procedures to help prevent the spread of infection and promote children's good health by 30/01/2020
- improve the supervision, coaching and training to ensure all staff have a clear understanding of their roles and responsibilities and to improve the quality of teaching by 30/01/2020
- ensure that all staff have a thorough understanding of all safeguarding matters, including the 'Prevent' duty guidance, to keep children safe from harm by 30/01/2020.

We conducted an unannounced visit to the nursery on 3 February 2020 to monitor the providers compliance with the notice. We found that the provider had taken sufficient steps to meet the actions set following the inspection.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
