

Compliance action taken for childcare provision

Ref: EY489499/4248875

Date: 12 February 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 July 2019, we received information from another agency which raised concerns about the provider's arrangements for dealing with safeguarding concerns. The provider had not met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who cares for, or is regular contact with, children on the premises to look after children.

We carried out an announced visit and discussed the information with the nominated individual, manager and deputy manager. We found that the provider had co-operated with local agencies and carried out an internal investigation into the matter to establish what had gone wrong. We found that the provider had taken appropriate action to ensure that all staff understand the setting's safeguarding policy and procedures and how to protect children from harm. As a result, we're satisfied that they remained suitable for registration. The provider will be able to give parents further information about this.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
