

Compliance action taken for childcare provision

Ref: EY453591/4429093

Date: 3 February 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 20 January 2020 we received concerns that the provider was not meeting some of these requirements.

We served a Notice to Improve that requires the provider to take the actions below within the timescales set out. The provider will be able to give the parents information about this.

Actions required by 12 February 2020

ensure any concerns about children's safety and welfare or allegations against members of staff are recorded and responded to, in line with the guidance and procedures of the relevant local safeguarding children board, to ensure children are protected from harm.

The provider has taken appropriate steps and we are satisfied that the provider is meeting the requirements of registration. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to

bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
