

Compliance action taken for childcare provision

Ref: EY471521/4435394

Date: 13 February 2020

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 27 January 2020, we received concerns that this provider was not meeting some of these requirements. We visited the provider on 11 February 2020 and have served a Notice to Improve. This is a legal notice that requires the provider to take the actions below within the timescales set out.

Action needed:

put in place effective arrangements for the supervision of staff to identify and improve practice and personal effectiveness, by 28 February 2020

On 4 March 2020, we received an action response letter. We found that the Notice to Improve had been met appropriately.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
