

Compliance action taken for childcare provision

Ref: 133393/4444504

Date: 10 March 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework-2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 4 February 2020, we received a concern. We contacted the setting and found a significant event had occurred. On this occasion we do not intend to take any action. This is because at the time of the incident the provider took immediate action. They reviewed and improved risk assessments and knowledge for the procedures of significant events that must be notified to Ofsted.

The provider will be able to give parents further information about this. The provider remains registered with Ofsted

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
