

Compliance action taken for childcare provision

Ref: EY357062/4472498

Date: 16 March 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 6 March 2020 we received concerns that this provider was not meeting some of these requirements. We made contact with the provider on 11 March 2020 and found they had failed to notify Ofsted of a significant event. This means that the provider did not meet their legal responsibilities set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of required changes. The provider was reminded of the need to ensure all requirements are complied with.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
