Ref: EY558811/4374612

Date: 9 March 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 November 2019 we received a notification and information from the provider about a significant event. We telephoned the provider unannounced on 27 February 2020 and on 5 March 2020 to discuss the concerns. We looked into the information and found that the provider was not meeting all of the requirements.

We have served a notice of action to improve that requires the provider to take the action below within the timescales set out. The provider remains registered with Ofsted.

ensure the systems for checking the ongoing suitability of practitioners who have regular contact with children are effective.

An appropriate actions response has been received from the provider. Actions closed.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
