

## **Compliance action taken for childcare provision**

Ref: EY221690/4430113

Date: 18 May 2020

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 January 2020, the provider notified us of an incident whereby a young child was found to have a small amount of sterilising tablet in their mouth. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage welfare requirements to notify Ofsted of a significant event that is likely to affect the suitability of the early year provider.

We discussed this information with the provider. We are satisfied that the provider has taken appropriate action to review risk assessments relating to deep-clean procedures, to reduce the risk of a similar incident occurring again. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at [www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted](http://www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted).
