

Compliance action taken for childcare provision

Ref: EY543811/4465271

Date: 19 May 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 27 February 2020 we received concerns that this provider was not meeting some of these requirements. On the 28 February 2020, we received a notification from the provider in relation to the concerns. The notification means that the provider met their legal responsibility to notify Ofsted of significant events. We have served a Welfare Requirements Notice. This is a legal notice that requires the provider to take the actions below by 25 March 2020. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed

- ensure that children are supervised effectively at all times to ensure their safety
- implement effective risk assessments to ensure that children are not exposed to risks, including on outings.

We monitored the provider's compliance with the requirements. We are satisfied that the provider has taken appropriate action.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
