

## **Compliance action taken for childcare provision**

Ref: 509660/4469278

Date: 13 May 2020

### **Summary of outcome**

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find a provider is not meeting the requirements, we can take action to ensure they put matters right. On 4 March 2020 the provider notified us of an incident when staff had not ensured children were supervised effectively. This notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events. The provider has made changes to their procedures for recording children's attendance to ensure these are accurate and has reviewed their procedures to follow when taking children outside to the garden. The provider will be able to give parents further information about this. We are satisfied with the action the provider has taken. The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
