

Compliance action taken for childcare provision

Ref: EY474376/4505730

Date: 28 May 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find a provider is not meeting the requirements, we can take action to ensure they put matters right. On 1 May 2020 we received concerns about the provider's implementation of their safeguarding procedures. Following discussions with the manager we served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 29 May 2020

develop knowledge and understanding of how to implement the safeguarding policy and procedures. In line with the Local Safeguarding Children Board procedures record clear details of the concerns noted about a child and the action taken

ensure all staff understand their responsibilities to implement the safeguarding policy and procedures, making sure that they follow through any concerns effectively.

We are satisfied with the action taken. The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
