

Compliance action taken for childcare provision

Ref: EY474392/4478303

Date: 15 June 2020

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early year's foundation stage, which you can find at <https://www.gov.uk/government/publications/early-years-foundation-stage-framework--2>. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 March 2020, we received concerns that the provider was not meeting some of these requirements.

Ofsted discussed the concerns with the provider.

The provider has implemented new improved systems to ensure that information relating to children and parents is handled in a way that helps to ensure confidentiality.

We were satisfied that appropriate action has been taken by the provider to address this concern.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
