

Compliance action taken for childcare provision

Ref: EY543049/4529035

Date: 26 June 2020

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early year's foundation stage, which you can find at <https://www.gov.uk/government/publications/early-years-foundation-stage-framework>. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 June 2020, the provider notified Ofsted of a safeguarding event. The notification means that the provider met their legal responsibility, as set out in the early years foundation stage, to notify Ofsted of a significant event. Ofsted were happy with the action the provider had already taken.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
