

Compliance action taken for childcare provision

Ref: EY491748/4523702

Date: 16 June 2020

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right

On 16 June 2020, we received information which raised concerns that the provider was not meeting some of these requirements. We looked into this information and found that the provider was not meeting all of the requirements. We have served a notice to improve that requires the provider to take the action below within the timescales set out. On 3 July 2020 we received a written response from the provider. We are satisfied with the action taken by the provider and no further action is required by Ofsted on this matter. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Action needed:

improve knowledge and understanding of what information must be notified to Ofsted. To be met by 7 July 2020.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years commencing on the date we complete our investigation.
